Mapbox

We use services of Mapbox Inc. (Mapbox) to display interactive maps. By using this service, information about your use, including your IP address, may be transmitted to Mapbox in the USA. When you access a page that contains Mapbox maps, a direct connection is established with Mapbox's servers. The map content is transmitted by Mapbox directly to your browser, which then integrates it into the website. Therefore, we have no influence on the scope of data collected by Mapbox.

For more information about the purpose and scope of data processing by Mapbox, your rights in this regard and setting options for protecting your privacy, please refer to the privacy policy of Mapbox at: https://www.mapbox.com/privacy/.

Google Firebase

We use the technology Google Firebase of the company Google LLC, 1600 Amphitheatre Parkway, Mountain View, CA 94043, USA for push messages. Google Firebase uses servers located in Europe for its services wherever possible. However, it cannot be ruled out that data may also be transferred to the USA.

More information about Google Firebase and data protection can be found here:

https://firebase.google.com/terms/data-processing-terms

https://firebase.google.com/terms/

https://firebase.google.com/support/privacy/

The processing of your data is based on your consent (Art. 6 (1) (a) GDPR).

V. Data transfer to third countries

For the processing of your data, we also use service providers located in third countries outside the European Union (EU) (see section IV). Countries outside the EU handle protection of personal data differently than countries within the EU. There is currently no decision by the EU Commission that these third countries generally offer an adequate level of protection. We have therefore taken special measures to ensure that your data is processed in third countries as securely as within the EU. With service providers in third countries, we conclude the data protection contract provided by the EU Commission for the processing of personal data in third countries (so-called EU standard contractual clauses). This provides appropriate safeguards for the protection of your data. You can request a copy of each contract at the contact details set out above.

VI. Data retention period and deletion of data

We will retain your personal data until your membership is terminated.

In case of termination, we will irrevocably delete your user account including all personal data from our servers within five working days, unless deletion is contrary to mandatory statutory retention obligations (for example, from the German Commercial Code or the German Fiscal Code) or further retention is necessary for the defense and enforcement of possible legal claims until the end of period of time ("Verjährung)".

In addition, we delete or anonymize your personal data as soon as it is no longer required for the purposes for which we have collected or used it in accordance with the above paragraphs.
